The Ready-Set-School Kit – 2026 Grade R

Dear Parents/Guardians,

Please take note of the school-kit list that must be purchased and sent to school, **clearly marked**, on the first day of school. Learners will receive a full set of stationery already included in the school fees. It is very important that **every individual stationery item** is marked — not only the container. All stationery will remain at school and may not be taken home.

Educators will cover all class books at school, however, parents are responsible for covering the **four** DBE books at home (one per term). We also kindly ask that you keep a separate set of basic stationery at home or at aftercare for homework.

Please send the following to school on the first day:

- Box of tissues
- 1 x Face cloth
- Small sturdy suitcase (must fit an A4 book with space for food and clothing)

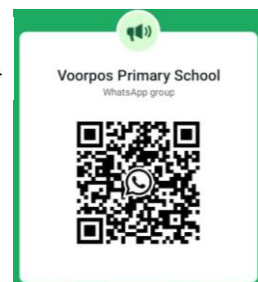

Keep the following items at home until needed:

- Plastic and cello tape to cover the 4 DBE books
- Basic stationery for home/aftercare: colouring book, junior scissors, triangular pencil, Twister wax crayons and Pritt
- Name labels to mark every item with your child's name & surname.

Thank you for your support.
